GENERAL AND REVENUE SECRETARIAT.

Serial Nos. 1-13

Major ~~Part B~~ for April 1897.

SUBJECT.

Question of imposing water-rate on
Mudda Maistry's lands below the
Mallarajapura Tank, Nagamangala Taluk.

Countersigned
G. R. S.
Ind. Sec.

Petitioner: - Mudde Maistry
 of
 Karganahalli
 Karganahalli Taluk
 Mysore District

Subject:

The petitioner, who with
 the sanction of the Government,
 restored a breached tank
 in Kullarajapuram prays
 that he may be granted
 the concession of paying dry
 rates only on some of his
 lands which were converted
 from dry lands into wet lands
 after the restoration of the
 tank.

The facts of the case are: -

1 On 12-1-91, Mudde Maistry
 applied for permission to

Has the tank
 been inspected
 by an officer
 of D.O.W. If not
 recommend the
 D.O. to get
 an order for the
 inspection of the
 tank, and a
 professional re-
 port on its
 present condition
 and the outlay
 incurred by Mudde
 Maistry. Explanation
 must also be sub-
 mitted as to the
 circumstances under which
 the D.O. officer
 took it upon him to
 hold out a hope
 of any concession
 & permitted the

Restoration of the tank authorized
 under the provisions of the
 Act of 1880
 257995

restore, at his private cost,
 a government breached tank
 in Mullarajapura village. He
 states that the restoration of
 the tank would be of great
 use for drinking purposes to
 the marginally noted villages,
 much suffering then from
 scarcity of water and that
 he would undertake the work
 if he could be given the
 following concessions.

1 The assessment on the
 bed of the tank which
 was in his holding should
 be struck off.

2 On receipt of dry rates
 from him he should be
 allowed to receive wet
 crops on his dry lands by
 irrigating them with
 water of the restored tank.

2. The Amalgam submitted

* Mullarajapura
 Neeiakuntanahally
 Narayanahally
 Gollan Koppalu

The Survey Dept suggests that the tank
 land may be brought under
 (3) (3) of land Rev. 2, 1

price?

+ As per their Rikheet before
the Amalgar

10/10/10

a report to the Sub Divisional
officer that the holders of
the lands under the tank gave
their consent to the restoration
of the tank and also to pay
vat assessment on their lands
if water be supplied to them
from the tank

3. The Subdivisional officer
said in reply that permission
to restore the tank would be
given to the petitioners provided
he did so from motives of
charity and not on account
of any concessions granted to
him and directed that a
Mutshalikar should be
taken from him to the
effect should he agree.

+ No 1267
10/10/10

+ As per his Rikheet

10/10/10

4. The Amalgar reported
that the petitioners agreed

to use for his lands only the surplus water after enough was stored for the use of people and cattle of the surrounding villages.

5. On this the Subdivisional

Officer ordered that —

19-10-91. No 355 P 5
550

permission to restore the tank should be given reserving the question of concession to be considered after the restoration of the tank.

This order was communicated to the petitioners by an endorsement by the Amalgar on 24-10-91.

6. On 12-12-91 the petitioners

personally presented a petition

P 2

to the Dewan. No endorsement

was given to him in reply to it,

but the petitioners however says

that he was orally promised

that only dry assessment

5 would be levied on his dry
lands which might be converted
into wet by the improvement
of the tank.

7. The petitioner again
presented a petition to
the Dewan on 10-7-92
stating that the restoration
of the tank had been completed
and requesting that the
concession promised to him
by the Dewan might be
granted to him. This petition
was forwarded to the Dy: Comr
for attention.

8. The Dy: Comr called for
the report of the Sub-
-divisional officer who
reported^{*} that strictly
speaking no concession
could be granted to the
petitioner under section XX
para 13 of the Revenue Rules

* The report is in English

as the tank was not a new
one, that when permission
to restore the tank was granted
the question of concession was
reserved for further consideration
without any explicit hope
being held out and that if
any ^{thing} with regard to concession
were to be done at all it
was matter for the special
consideration of the Lt.

9. The Dy. Com reported
that the extent of land
which could be brought
under cultivation by the
tank was ^{acres: Guntas}
20 . 1 of

which ^{ac: Br}
12 - 19 only belonged to the petitioner, that as to

~~to the petitioner, that the~~
~~water rate~~
~~assessments of Rs 2-8 per~~
~~acre leviable on petitioner's~~
~~lands pursuant to any~~
~~concession made by Rule XIX~~
~~para 1 came in for Land Revenue~~
~~Rules, might be in consideration~~

levy a full water rate of
Rs 2-8 per acre, as per
Rule XIX para 3, would be
totally to ignore petitioner's
rights for consideration for
the repairs executed by him
it would be proper that the

lowest rate of Rs 1-8

per acre might be

levied on the petitioner's lands

that as regards the other

lands the higher rate of

Rs 2-8 should be levied and

that either the whole

amount so collected should

be taken to G.O. on the

difference between this higher

rate and the more lenient

rate of Rs 1-8 per acre

should be given to the

petitioner in consideration

of his obligation to keep

the tank in repairs.

~~of the petitioner's claims and~~
~~also holding him responsible~~
~~to keep the tank in good order,~~
~~be changed to the lower~~
~~rate~~
~~amount of Rs 1-8 per~~
~~acre (as provided in clause~~
~~of the above Rule); that~~
~~as regards the other lands the~~
~~usual water rate of Rs 2-8~~
~~might be levied and that the~~
~~extra rate of Rs 1 per acre~~
~~charged on these lands might~~
~~be given to the petitioner for~~
~~his keeping the tank in good~~
~~repairs.~~

10. The Dy. Commr. was informed
that the petitioner was
entitled only to one of the
other of the concessions —
mentioned in para 3 of
Appendix F to the Rules
under L. R. code and was
asked to report on the

following points:-

6

(1) Which of the concessions mentioned in the para above referred to, the petitioner would select.

(2) The average wet assessment for the Talook.

(3) The highest dry land rate prevailing in this and the surrounding villages

(4) The area and assessment of the land submerged by the tank.

11 On this a Ripheat was obtained from Mudda maistry in which he stated that he would maintain the tank in good repair, that he would pay the usual assessment on the submerged land and that he would accept the concession 2 (a) of paying the highest

121

* From the records in *
is plain that some of
the petitioner's lands under
the tank belong to Virgachally
but what the extent of those
lands is, is not ~~clear~~

11.11.1951
1951

rate on the dry land in the
village in which the tank
is situated) provided that
the highest dry rate of
Mullarajapura is
charged for all his lands
under the tank

12. The Dy. Comr. submitted
the above Report to the
Government with his
report giving the following
information:-

(1) The average wet assessment
for the Taluk is Rs 4-6-5

(2) The highest dry rate
prevailing in Mullarajapura
and in the surrounding
villages is Rs 1 and 2
per acre respectively.

(3) The area and
assessment of the
land submerged by the

restored tank is ac 8
7-16

10

and No 6-8 respectively.

N. Ramablaa }
26-4-95 }

Sub? to Rev. Commission etc. etc.
Some latencies seem to have
been introduced into the project -
Mangali Tank in 1888-89.

As directed, the Govt. got the tank
inspected by the Supervisor of Mangali
Tank. The Supervisor estimates the
cost of restoration at Rs 2296, the
amuldar's & pet's estimate being
Rs 1000 + 2000 respectively.

The Surveyor who was asked
to examine Govt. with his views on
the matter, reports:

(1) That pet^r is entitled to some
concession by Govt.

(2) That a remuneration of $\frac{1}{4}$ wt
as settlement on land converted
into wet by the repair of the tank
will be a fair settlement of
the case.

(3) That as settlement of 0.50

on the bed of the tank (in Pet^r's holding)
will be lost to govt unless the
provisions of Secⁿ 63(3) Land Reg^y Act
are applied and a fine not
exceeding 25 times the annual
assessment be levied

Pet^r has in his deposition
before the amltar (8 11/7/94)
stated that he is willing to pay
the usual assessment on the
bed of the tank and that he
elects the 2nd of the 3rd ~~an~~
alternative (or assumes set off
in para 3 of the Appendix F of
the Land Reg^y Rules ~~to~~ to pay
the highest dry rate on the
at least of the tank

A rough calculation of the net pay
to Pet^r in the two cases is given below. (The
data are taken from Serial nos
4 & 6). The way in which the
bed of the tank is disposed of
is not material since
in either case the assessment
is not lost (in the first case the
fine is the capitalised value
of the assessment)

I Net gain to Pet^r

= $\frac{1}{4}$ lost assessment on the

DEPUTY COMMISSIONER'S OFFICE,
MYSORE DISTRICT,

Dated Mysore, January 31st 1894.

From

A. Rangaswamy, Engineer & Surveyor.

Deputy Commissioner,
Mysore District.

To

The Chief Secretary to the Dewan of Mysore,
Bangalore.

SIR,

With reference to your memo No. 846, dated 24th January 1893, I have the honor to submit herewith for the orders of Government, Copy of the French Notice Sub-Division Officer's letter dated 12/10/94, dated 8th May 1893, and its enclosures, reporting on the petition of Mudda Kaidetty, of Chirapanaully, Nagamangalaki, and stating that under the circumstances therein represented the concession prayed for by the petitioner for the levy of dry assessment on his lands cannot be complied with as the tank by which these lands are irrigated was only re-paired at his own cost and not constructed by him, vide Section XV, para 13, of the Revenue Rules.

2. It is stated that he has spent nearly 1000 Rs. If this be true, the repairs must have been as heavy as if the tank had been constructed newly - and though no concessions had actually been promised to him, I think the

The government have in a way been committed by the action of the then Sub Division officer, and it is desirable that the government should extend a liberal treatment to the man.

3. The Sub Division officer has stated in his report of 4th dated 15th inst. that the total extent of dry land which may be brought under wet cultivation is 20 acres, and 1 finta, out of which 12 acres and 19 funtas only belong to the petitioners, and that the probable increase in the government revenue by the imposition of water rate at Rs 3 per acre on the remaining lands is only Rs 220 90 2. This is not correct, as the Rs 3 rate does not apply to Tanti irrigation, and as the highest rate is only Rs 80 0.

4. To levy a full water rate at Rs 20 80 0 per acre, as per rule IX para 3, would be totally to ignore petitioners' claim for consideration for the repairs executed by him to the tank. I would therefore suggest that the lower rate leviable under the rules viz Rs 10 80 0 per acre may be imposed on the petitioners' lands, and that he may be required in addition to keep the tank in good repair. As regards other lands we may levy water rate at Rs 20 80 0, and take the whole to the government, or let the petitioners have

have the difference between this and
the more recent rate of Rs 10 8. 0, in
consideration of his obligation to keep
the tank in repair.

5. The petition is herewith resubmitted

I have the honor to be

Sir,

your most obed^t Serv^t

Sham

Deputy Commissioner

Comd^d. MM
W. W.

No: 1004
In file

Sole Division Office
Gowda & Co. & Co.

Date 26th May, 1893,

To

The Deputy Commissioner
Mysore District.

Sir:-

With reference to order
number no: 6639 dated 1st February
1893 (herewith petition submitted)
calling for report on the peti-
tion of Madda Maistry of
Koragavalli Nagamanga
Taluk, praying, that only
dry assessment may be
levied on his lands as his
dry lands which may be
brought under wet culti-
vation from the water of
Mallurajamma tank which he

he has repaired at his own cost,
58
I beg to state that Mudda Naistiy

Naiglit permission from Mr.

Syed Ahmed the then Amildar
to restore at his own cost the

breached tank of Hosakere situated
in Mallarajapuram and begged

that when the tank was restored

he may be allowed to pay only

the existing dry assessment on

such of the lands as may be

connected into wet by the

waters of the tank. The Amildar

in submitting the report on

the petition, stated that as

the tank did not come under

any series and its restora-

tion would not prejudice

the supply of any other de-

tached private or Govern-

ment reservoir and as the

the tank when restored would
also prove beneficial to the
ryots of. Nagarghatta and of
other adjacent villages. permis-
-sion may be granted to
Mudola Maistry to restore the
tank, When his report was
received. I was the Sub-Divi-
-sion Officer. I directed the
Amildar to inform the
applicant that his applica-
tion would receive due con-
-sideration if he was prepared
to execute a Mutchaka that
he would not claim any
concession on his dry lands
which might be irrigated by
the tank and further agreed
to complete the work within

a specified time merely for
clearing, 190

The amildar reported to
say that Mudda Maistry
claimed the concession and
recommended sanction. By
this time I was relieved of the
charge of the Sub-Division by
Mr. Delway Dewaraji Rao and
the latter officer passed orders
on the above report granting
permission to Mudda Maistry
to restore the tank reserving
the question of concession for
consideration after the resto-
-ration of the tank. Mudda
Maistry accordingly com-
-menced to restore the tank
and repeated his prayers for

for the succession. The similar
who has inspected the tank re-
ports that good deal of earth
and stone work has been
executed, but that tamping
has not been properly executed
and that the bend requires
more widening. The total cost
of the work executed is calculated
to be proper 1000 - 0 - 0 by the
similar. The Executive Engineer
French Rocks Division has
now been requested to favour
me with his opinion on the
extent and quality of work
executed by the petitioners and
what more is required to be
done.

In the meantime I beg to
submit, that I see no objec-
tion to the tank being restored

by Munda Maistry merely from
problems of expediency as I feared
that the members who
will be submersed by restoring
the tank all belong to the
petitioners and no one else.
But with regard to the con-
-cession prayed for by him,
strictly speaking, it cannot
be granted under Section
~~XX~~ para 13 of the Revenue
Rules, as the tank is not al-
-together a new work and his
having spent any money
on it, cannot also in my
opinion give him any strong
lien to claim the concession
as I observe from the records
that when the permission
to restore the tank was granted
to him by the then Secy -

Sub-Division Officer the question
of concessions was reserved
for future consideration with-
out holding out any explicit
hope or promise to him. If
anything at all, it may be
a case for the special con-
sideration of the Government.
Orders solicited

I leave &c

Encls 11/12/1894.

Dec 18/1894.

L.R. 113-91-5

The Deputy Commissioner,
Mysore Dist.

21/12/1894.
No. 210436
Feb 1897.

This letter of 18/12/1894 dated
31st January 1894 re-
-porting on the petition
from Mudda Mainling
of Staraganahalli in
the Staraganahalli
Taluk, praying for the
imposition of dry assess-
-ment alone on his wet
lands below the Malia-
-rajapura Tank.

In reply, the Deputy
Commr is informed
that all questions of
water rate are beside
the mark in the
above case. Assuming
that

that the applicant
 Aladda Maistri
 had ~~independent~~ ^{sufficient} sanc-
 tion for undertaking
 the restoration of the
 Tank, the concession to
 which he is intitled is
 one or other of those
 mentioned in para 3
 of Appendix F to the Rules
 under the L. R. Code
 (C. J. Quigley's
 Proclamation dated
 13th July 1863). and
 with a view to deciding
 the claim on these
 lines, the Deputy Comm.^r
 is requested to ascertain
 Aladda Maistri's
 preferences & report

Sir, your No 318 dated 26/7/96
forwarding Revenue Sub-
Division Officer's No. 24
dated 12th August 1895 for
a report on the condition
of the new tank built
by one Mudda Mistry
of Narayana Rao
Narayana Rao Taluk

With reference to
the above, I beg to state
that I have already

He submitted a report about the condition of the tank in question vide this office No 255 dated 24.6.33, the original report which had been lately received from the Executive Engineer's office with No 1294 dated 21.5.36 is herewith attached for perusal.

(2) The slipped portion of the bund noted therein has been rectified and put in order.

(3) The approximate cost of work due to the tank under reference is about Rs 2296 as per details noted in the enclosed memo which was arrived at by taking like measurements of the existing bund.

(4) The tank bund is standing fairly well. The gap in the right end is to be banked up and extended on to high ground. The Kodi at the left end is to be levelled and approach cleared out to Kodi level to admit of free discharge when tank fills. The training bank of this Kody is to be strengthened and revetted at least for about 30 yards beyond Kody to prevent its breaching.

The construction of this Kotte or small tank, is not only very useful to the villagers of Malrajpur who always had a great difficulty for water, also prevents the strain of Keiyare tank to some extent, as well the left tanks in the valley is breached and much strain exerted

No 569 8

Survey Superintendents Office

Bangalore 25th February -
1897

To

The Secretary to the
Government of Mysore
Sec and G. P. Bhatte

Sir,

I have the honor, as re-
quested in your letter No 569/15
dated the 1st February 1897
to offer my opinion on the
case of Chudda Chaitany
who prays for the imposition
of dry rates on his lands
below the Challa Rajpur
tant in the Taluk of
Taluk, restored by him.

2 Presuming that all preliminaries and formalities have been duly complied with by the Petitioner and permission duly granted to restore the tank, I consider that the case comes under Appendix F Rule 3 of the Land Revenue Rules any one of the forms of concessions mentioned in which may be granted according to the circumstances of the case. I do not con-

- cur

63

- ever in the opinion expressed
by the Subdivision Officer in
his letter of the 3rd day
1893, and repeated although not
actually affirmed by the
Deputy Commissioner in
his letter of the 16th
December 1896, that no con-
- cession need be shown to
the Petitioner for having
restored the tank as the
Petitioner was allowed to
restore the tank and was
distinctly

distinctly told that the question of concession would be reserved

3 The work is a small one and ^{a 4} 7.16 above the tank assessed at Rs 6.8. which will be submerged will be lost to Government unless brought under the provision of Section 63 (3) of the Land Revenue Code. On the other hand the water which will be stored will be a boon to certain villages. On the whole I think if for of such wet assessment as may

45

may be fixed by the Survey
Department be remitted it
will be a fair settlement of

the present case. The enclosures
referred with the above are herewith returned.

I have the honor to be

Sir,
Your most obedt. servant

Wm. H. Murray
Supt. of the Oregon Reserve
Survey

Proceedings of the Government
Read (12)

(1) Petition No 2362 dated 12th December 1891 from Madaa Maistry of Karganah village, Karganah Taluk praying for the imposition of dry raiy on lands below the Chhappur Taluk, Karganah Taluk restored by him.

(2) Letter Correspondence with the Deputy Commissioner's letter No 1002 dated 15th December 1891 reporting on the facts of the case.

(3) Letter No 559 dated 25th February 1892 from the Joint Mysore Revenue Survey submitting his opinion on the case.

From person No 8905-6.
R. 93-94/13

Government observe that the Sub Division Officer is the cause of all this trouble & annoyance to the petitioners. He ought to have sought the sanction of Govt and settled the terms of concession before he gave permission to the pet^r to repair & restore the Parti.

2 The most equitable settlement

L.R. 113-91-12

(1517)

Settlement under all the circumstances.

- stance of the case is to remit
a quarter of the net assessment
as proposed by the survey report.

The dry assessment of the land

in the bed ^{with the} ~~in~~ remitted without

any fine being imposed under Secⁿ 63 of the Land Revⁿ Act

if lands not in the holding

of the petitioners are irrigated

& cultivated with net crops,

water rate under the rules

will be levied and one fourth

portion of such collection will be

paid to the petitioners.
